**Sun Pharma distances itself from social media statements made by former employee, Palesa Sotjifa**

It has come to the Company's attention that several offensive, hateful and racially divisive posts have been made on Facebook under the account "Palesa Van der Sotjifa" and on Twitter under the handle "@Spar\_letta". The Company understands that these social media accounts belong to the Company's former employee, Ms Palesa Sotjifa.

While Ms Sotjifa's LinkedIn profile reflects that she is currently employed by the Company, this is not true. Ms Sotjifa's employment with the Company terminated on 31 January 2018.

The Company condemns Ms Sotjifa's statements in the strongest possible terms and does not wish for its good name and reputation to be in any way associated or tarnished by these statements. Ms Sotjifa's statements do not represent and are in no way reflective of the Company's culture or values and its ongoing commitment to building a racially inclusive and tolerant workplace.

Desmond Brothers

Chief Executive Officer Sun Pharma South Africa
